

What is the Circle of Sisterhood?

Circle of Sisterhood is a foundation comprised of women, who have in common a college education. Inspired by *Half the Sky*, a book that focuses on the injustices women face globally, the Circle of Sisterhood works tirelessly to raise awareness about the issues faced by women and children across the world, and to raise funding to provide education for those that need it most. Founded in 2010, we have made great strides in just a few short years. Today we have given grants that have benefitted women and touched lives across many continents and our reach continues to rapidly expand.

Why Sorority Women?

In the mid 1800s in America, women stood together for the right to go to college, thus beginning a sorority movement. Now, almost 150 years later and more than 5 million strong, we vow to continue our Founders' legacy by standing together again to help girls and women go to school around the world.

Without education, girls and women in the United States and all over the world are unable to reach their full potential. We know that access to quality schooling affords a better life for a woman and that of her family. For too many girls and women around the world, access to quality education is often limited. And education is the answer to many of the global issues related to women – poverty, oppression, misogyny, brutality. Ultimately, more and more educated girls will mean stronger and healthier villages, communities and entire countries.

One person can make a small difference. But as a community of 5 million sorority women, our collective efforts will be transforming for generations to come. As sorority women, let's stand together across affiliation, age, color, and creed to make a difference in the lives of millions of girls and women.
